

BRAC UNIVERSITY

Department of Computer Science and Engineering

CSE 260: Digital Logic Design

Examination: Quiz II
Semester : Spring 2025

Duration: 25min
Full Marks: 15

Name:	ID:	Section:
-------	-----	----------

1	Write the complement of the boolean expression: $AB(BC' + (C'D')(A'+C))$	3
2	Using a truth table, show that the following two Boolean expressions are equivalent: $(A+B)(A+C) = A+BC$	4
3	Simplify the given equation: $F(A,B,C) = \sum (0,4,6)$	4
4	Find out POS for the following expression: $F(A,B,C)=A+B'C$	4
